\*\*The knowledge rate represents the percentage of graduates for which we have verifiable information concerning their postgraduation career activities.

# Majors and Minors

The Core Curriculum is the foundation of a King's education. It engages students with a broad and coherent intellectual foundation for informed and principled leadership in successful careers after graduation. All classes are taught through an unapologetic Christian worldview.

Below is a breakdown of the Class of 2019 by majors.

# Employment by Industry

The top industries employing King's graduates from the Class of 2019 are Business and Finance (21%) and Nonprofit and Social Service (16%). A new trend is the growth of Technology, Science, or Engineering, which has increased from employing 6% of the 2018 class to 11% of the 2019 graduating class.

# Top Internships by Major

At King’s, we have a bias toward action that encourages students to explore their fields of interest in practice. As we say, “the City is our campus.” Students learn ideas in the classroom and put them to the test in the City through internships, part-time work, and volunteering.

They also receive in-depth career development training. This includes career planning, resume coaching, practice interviewing, company visits, training in networking, connections to professionals throughout the city, and more. In a City that houses the largest number of Fortune 500 companies and hundreds of budding startups, students have countless opportunities to try out careers before they enter the workforce.

87% of the class of 2019 interned before graduating\* (national average: 61%\*\*).

63% had two or more internships.

23 events hosted by the Office of Career Development in the 2018-2019 academic year, including visits to Bernstein, Google, and the United Nations.

# Influencing the Big Apple

New York City is a global hub. Here, students have access to internships at companies that set the bar for the rest of the world. News outlets such as CNBC, CNN, and Fox. Tech companies such as Google, Facebook, and LinkedIn. Art institutions like the Metropolitan Museum of Art, Broadway, and the Tribeca Film Festival. It is no accident that we chose New York City for our campus.

This city influences and shapes culture around the world, and students' time in New York prepares them for wherever God calls them next.
